

# First Step Farm

March 2008

## Barn News

We have a new Wild West Style Tackroom. We are almost completed and VERY thankful to all the hardwork, time and energy that many people put into this new project. Let's make sure to put all tack back where it goes and keep it clean!

## Congratulations

The 4H level testing was a success and all the girls who took it passed with flying colors. Morgan, Megan, Madison, Riley and Cody! We were going to celebrate at the playday but the rain has postponed that! (again)

## Birthday Parties

Gwennie had a great party on sat march 1<sup>st</sup>. we played lots of games and the donut eating seemed to be a big hit! Lemonade sure loved it. Edie and Sara both have their parties coming up this month and we are excited to meet lots of new friends and help the girls to celebrate their special days!

## Summer Camp

I can't stress how important it is too get those permission slips in on time! We want everyone to get a spot. There will be 2 sessions open to kids ages 4-8. The session dates are June 23-27<sup>th</sup> and Aug. 11-15. All other camp sessions are ages 8-14.
